Kushal Udhog

<http://www.airshotblast.com/>

We are widely acclaimed for being one of the leading manufacturers, exporters, importers, service providers and traders of this impeccable range of Blasting Machine, Recovery Systems & Spray Booths.

About Us

Kushal Udhyog began its journey of incandescent growth in **1979** by manufacturing, importing, exporting, service providing and trading exceptional range of Blasting Machine and Recovery System. We offer quality range of products which includes Airless or Wheel Type Blasting Machine, Air Operated Type Blasting Cabinet and Air Operated Abrasive Blaster. Owing to high durability, superior functionality, dimensional accuracy and longevity, these products are heavily demanded in the market. Widely used in textile, Glass, pipe and handicraft industries, we fabricate these products by using fine grade raw materials and advanced machinery in our state-of-the-art manufacturing unit. Due to these aspects, we have able to surpass our competitors in terms of quality, innovative technology and ethical business skills.

We have developed leading edge infrastructure system for fabricating our wide range of products with maximum perfection. We have implemented advanced production lines for manufacturing of these products by using modernistic machines. On top of that, we have developed quality testing unit for inspection of these products under strict quality control parameters. With use of skilled designers, we design these products in various stipulations as per latest industrial standards for serving diverse needs of clients. Our veritable goal of attaining maximum clients' satisfaction have gathered us vast customer base to serve globally.
